### Manu Tuiasosopo

Although football is time consuming Manu believes it has much to offer, "You learn a lot such as the attitudes you take off the field, your relations with other players carry on and off the field and when you come off the field you act the same way."

Of the USC rivalry Manu gleams when the '75 victory is mentioned then saddens thinking about the '76 loss. Beating SC is especially gratifying, "The thrill is bigger when you beat the best."

# BASKETBALL

# VOLLEYBALL

The UCLA women's volleyball team is led this year by two exceptional players, Terry Condon, number 34, and Lesley Knudsen, number 46. Terry is a five time United States Volleyball Association All-American and has been chosen for the USA National Team seven times. She is also currently the team captain. Lesley has been on three USA National teams and was chosen as the Most Valuable Player of the UCLA Invitational tournament in which twenty-four teams competed.

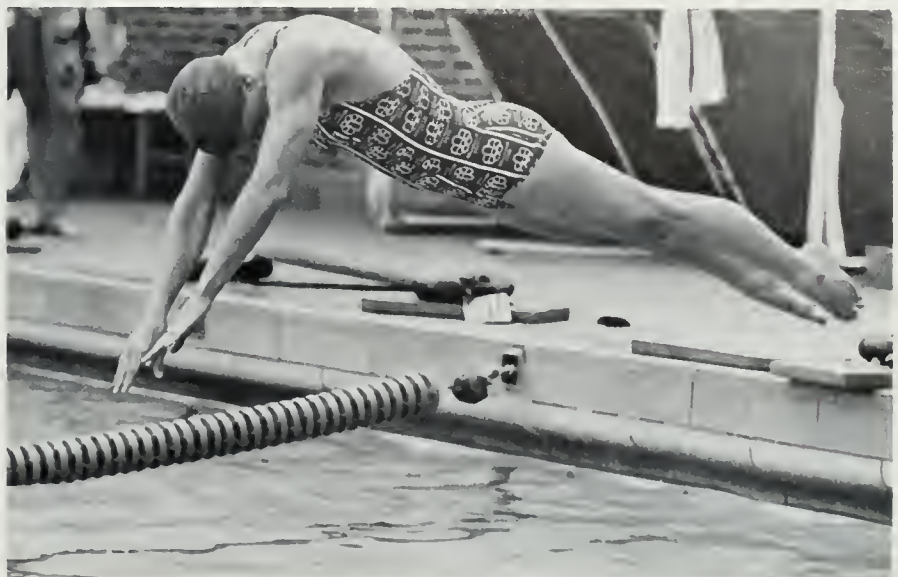

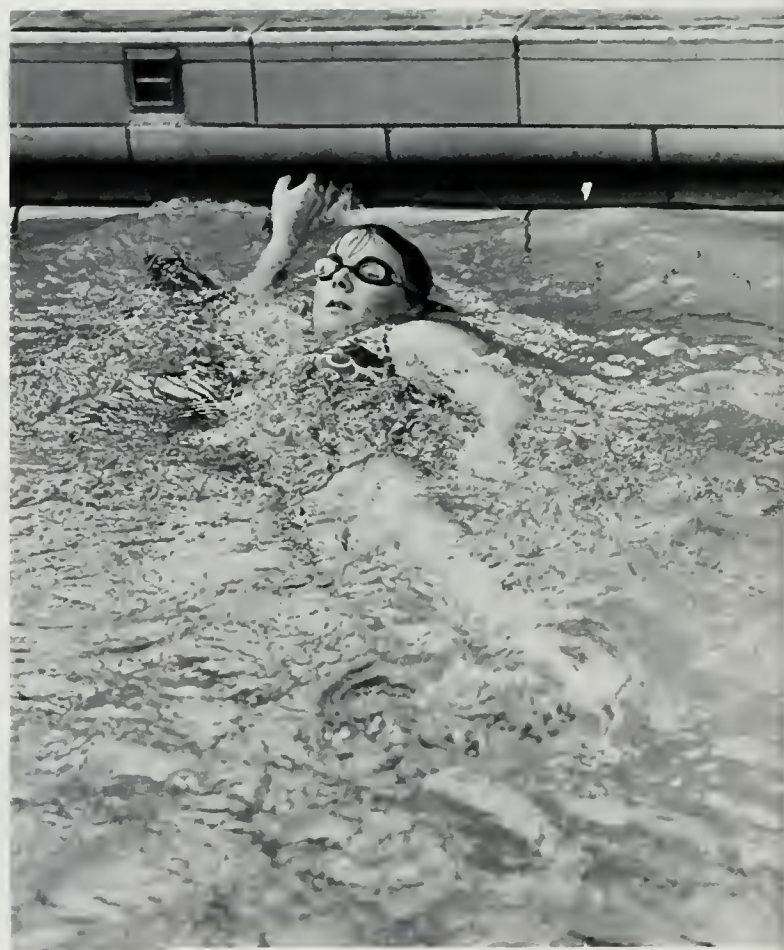

# GYMNASTICS

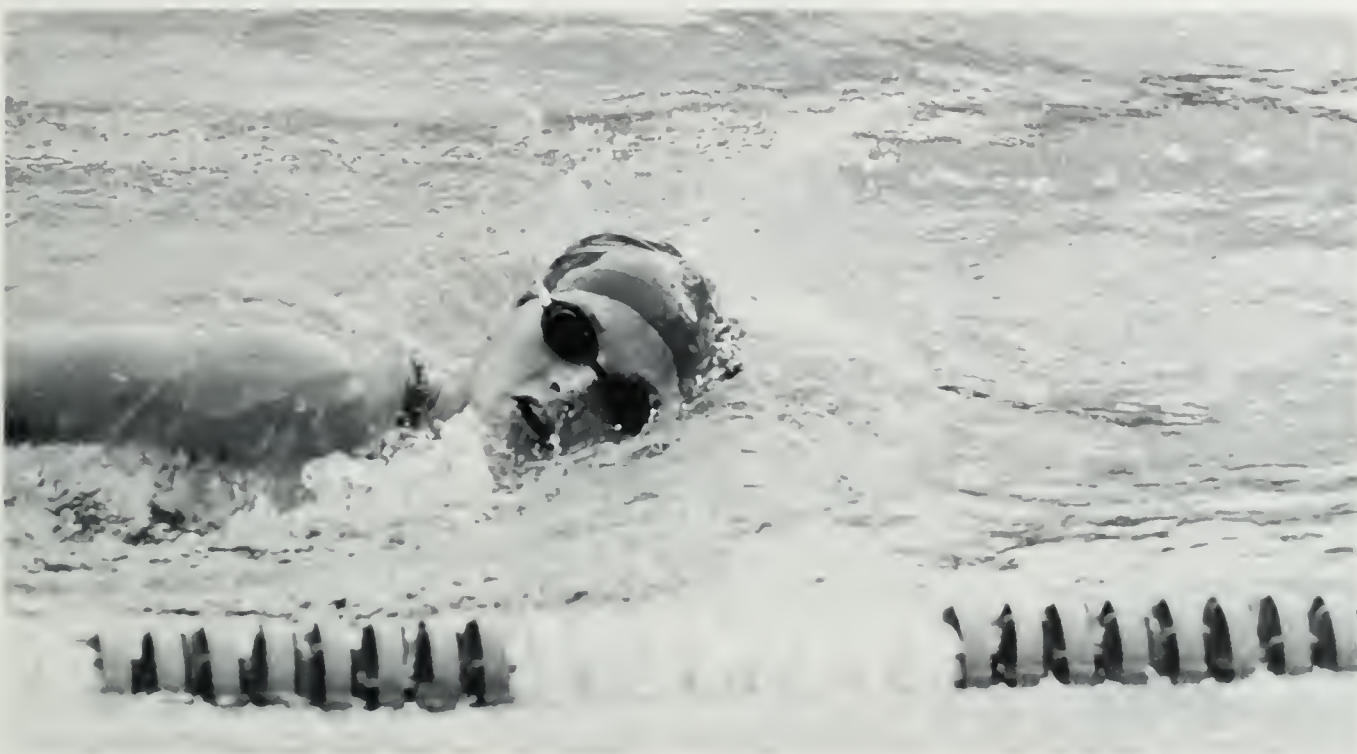

# WOMEN'S SWIMMING

Heading our women's swimming team is Kathy Heddy who won four gold medals in the Pan American Games and finished fifth at the Montreal Olympics in the 400 meter free-style.

Despite her international fame Kathy suffers not from ego, "**we're all pretty much alike.**" Kathy belongs to a sorority adding to her list of friends, "**I really enjoy the kids on the team.**" and has fallen in love with Southern California, "**It's really nice.**"

# ELECTIONS

## MEG MCCORMACK

A four month controversy ended during the 1976 Fall Quarter when Undergraduate Student President Meg McCormack resigned ending an abbreviated term in office.

Ms. McCormack was the subject of two impeachment moves by the Student Legislative Council who accused her of campaign violations, misconduct in office and mental instability. McCormack Campaign Manager Ronnie Menor confessed, "I was aware that Meg had over-spent. There were several items which she did not claim in the campaign financial statements."

In October having been censured and resolved to resign by the Student Legislative Council's vote of nine to two Ms. McCormack formally ended her term in office.

"Ms. McCormack's last words were, "I am not resigning because I feel I'm in anyway guilty. I am resigning because SLC has become a battlefield instead of a working government."

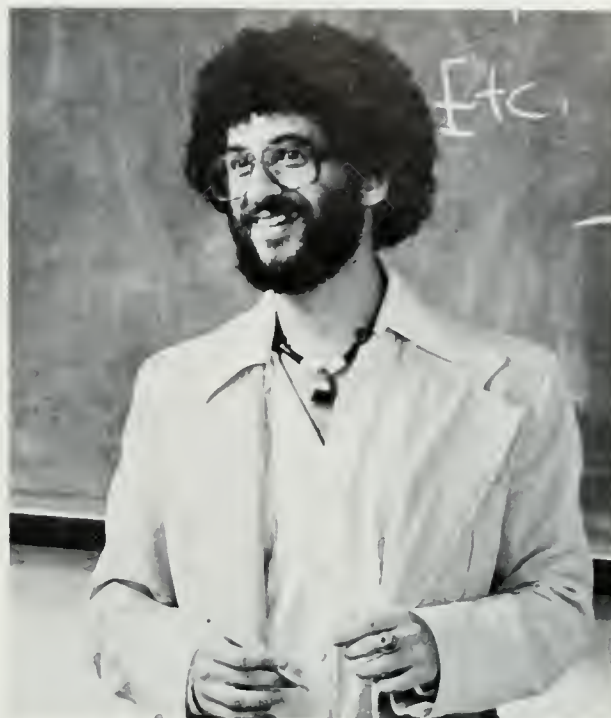

## STUDENT LEGISLATIVE COUNCIL

**Clockwise:** Secretary Sachiko Kacho, Scott Taylor, Jim Rosen, Jeff Conner, Howard Schreiman, Rich Levier, Diana Shepherd, Lou Karasik, Cynthia McClain, Dave Johnson, Faculty Representative Tom Penchoen, Hugh Miller, Alumni Representative Richard Ebbert.

**RON HACKER**

General Representative

**JEFF CONNER**  
Facilities Commissioner

"The Facilities Commissioner serves on SLC, allocates SLC space and stock (considering the proper limited functions of government activity, general students interests, and other questions of efficiency) and is a member of University and ASUCLA committees examining optimal use and construction of campus facilities."

**HOWARD SCHREIMAN**  
Administrative Vice-President

**WILLIE BANKS**

Student Educational Policies Commissioner

"The Student Educational Policies Commission is a business or agency designed to promote the educational interest of students. It has provided me with a very valuable learning experience."

**JOHN KOBARA**

Community Services Commissioner

"This position has enabled me to enhance my classroom education by allowing me to apply and relate that acquired knowledge to real problems and situations in the community; a learning experience beyond comparison."

**CYNTHIA MCCLAIN**  
First Vice-President

**HUGH MILLER**

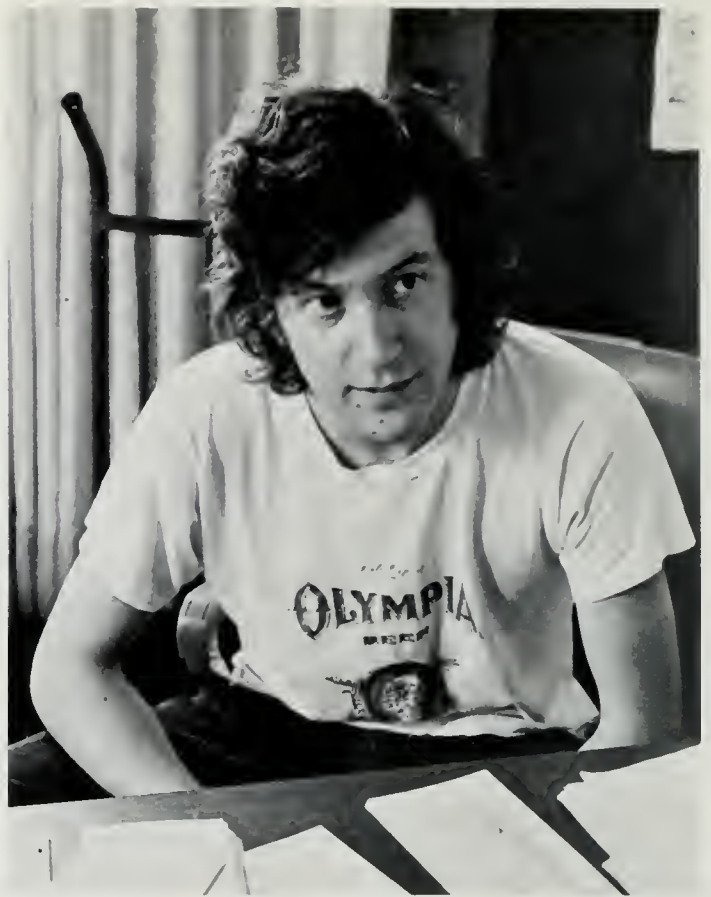

Student Financial Supports Commissioner

"The Student Finance Commission deals with a number of diverse financial issues concerning the student — housing, parking, employment, etc. The office has been revamped this year with a brand new approach in mind. It is no longer specifically a minority commission and now focuses on problems faced by all UCLA students."

**LOU KARASIK**  
Cultural affairs Commissioner

"The Cultural Affairs Commission is dedicated to the notion that education need not be confined to the classroom. In sponsoring over eighty programs of highly diverse content, we attempt to provide students with an opportunity to enhance their formal education with an equally important informal one, presented in a more relaxed and enjoyable setting."

**RICH LEVIER**  
Campus Events Commissioner

**JIM ROSEN**

# CPAO

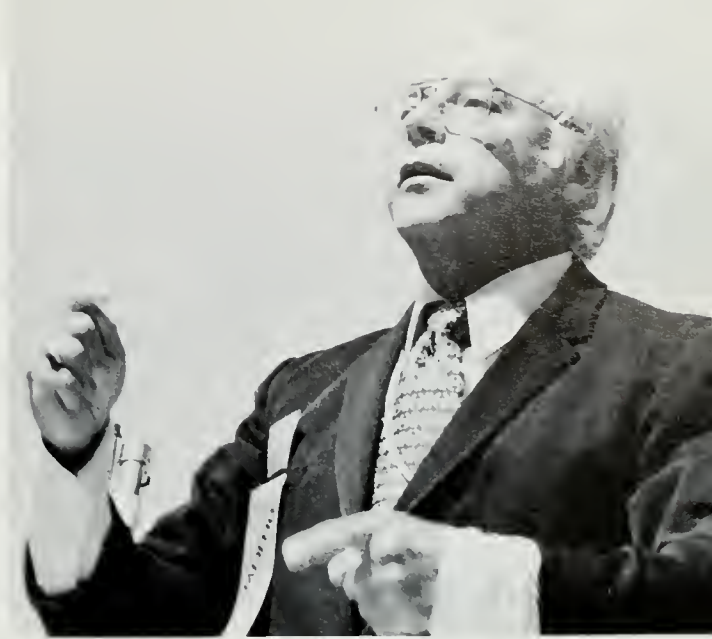

campus programs and activities office

CPAO is operating this year with a temporary structure consisting of two units — Activities and Programs. Lyle Timmerman, Dean of CPAO, heads the Activities unit while Dean Deanna Nordquist heads the Programs unit.

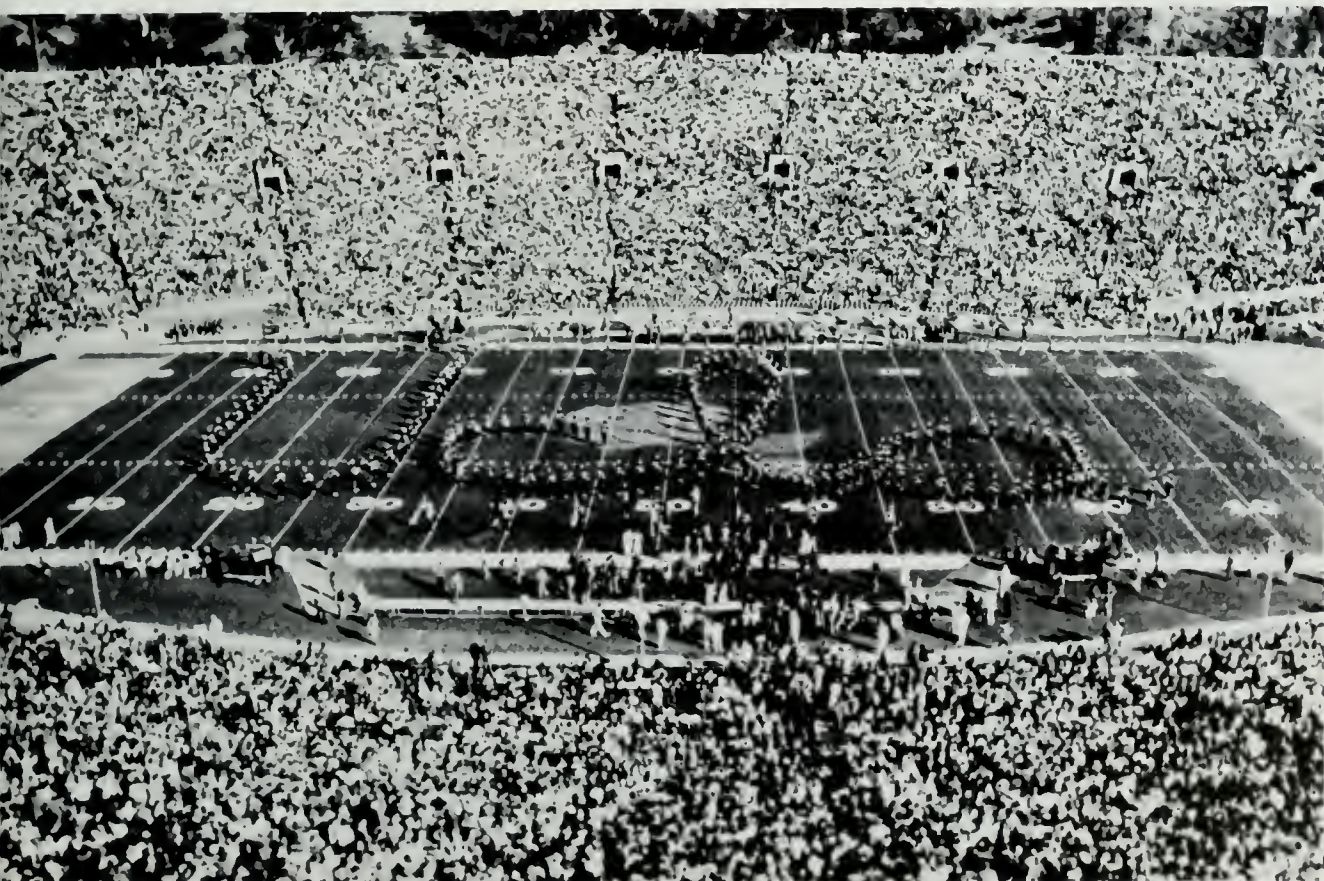

Any group wishing to meet and organize on campus must be registered with CPAO. Each student group is first structured within the Activities unit and then is further developed and refined in the Programs unit. The hope of the CPAO staff is to facilitate student group organization and funding. Their main purpose is to be of service to student programs in every way possible, as well as to supply information to the student body at large about activities and scheduled events.

JEFFREY A. DANKWORTH '76

Bruin quarterback Jeff Dankworth, known nationally for his athletic accomplishments, is also an outstanding academic achiever. He was selected as a member of the NCAA's "Today's Top Five" student-athletes; one of eleven scholar-athletes by the National Football Foundation and Hall of Fame; and as a history major, was on the Dean's Honor List three times. He is an active leader at the regional and local levels in the Fellowship of Christian Athletes, a national organization of college athletes dedicated to youth and community work, and served as Director of the National Youth Sports Program, a developmental camp for underprivileged children at UCLA and at other campuses around the nation. "He is a young man of exceptional character and one who will continue to be a marvelous reflection of the great things UCLA has to offer."

NEILA GARBER '77

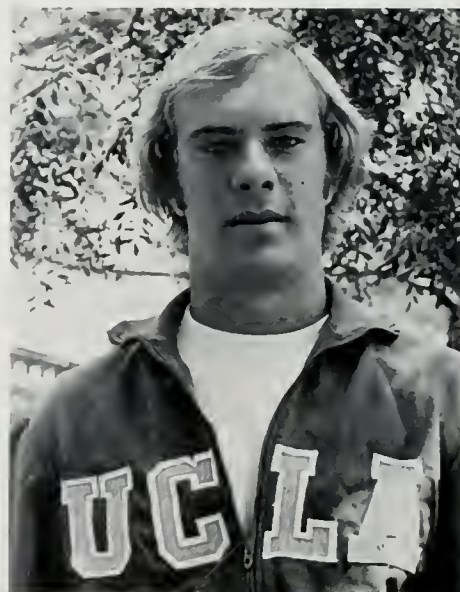

A political science major with a near perfect academic record, Neila Garber has been extremely active in student government. She has served as Director of the Liason Corps for UCLA's student Educational Policy Commission, which is responsible for all student input to the administration and the Academic Senate; Director of the UCLA annex of the National Student lobby; and was a student representative to the University of California's systemwide Affirmative Action Advisory Committee. Last summer, she was selected by Governor Brown's office to participate in a special Internship Program, where she served as a consultant to the State Advisory Committee on Supervision and worked on several research projects of interest to the Governor. She has also worked as an intern for the University of California Student Lobby in Sacramento, and the National Student Lobby in Washington, D.C. In the fall Ms. Garber will enter UCLA Law School.

# SENIORS

KEITH G. MASSEY '77

Keith Massey is a pre-med student, majoring in mathematics, with a 3.9 grade point average. Wholly self-supporting, Massey has also managed to actively take part in community service projects while maintaining his academic excellence. He was a prime mover in starting a black pre-health organization, worked with UCLA undergraduate and medical students in connection with "Minorities in Medicine" forum, and served as a volunteer assistant in screening for sickle-cell anemia. Last year Massey spent fifteen hours a week tutoring chemistry in an inner-city high school to interest students in science, is tutoring for the Academic Advancement Program at UCLA, and has been a research assistant for a psychiatrist at Martin Luther King Hospital. He is most highly regarded by both the faculty and his fellow students, not only for his outstanding academic achievements, but for his demonstrated concern for others.

CHRISTOPHER D. DALE '77

Superior academic and athletic competencies combine to make Chris Dale a most outstanding individual. A participant in the Kinesiology Department's Scholar Program, he is pursuing a bachelor's and a master's degree simultaneously and has received highest honors in his major. Dale is also an outstanding athlete, identified as the number one varsity diver on the Intercollegiate Diving Team, he was a Pac Eight diving finalist in 1974 and an NCAA qualifier the following year. In addition, Dale has been extensively involved in a variety of campus and community activities including serving as a counselor and tutor in the Department of Kinesiology's Undergraduate Assistant Program, helping with student election campaigns, and doing volunteer work at Stanford University Hospital. He plans to pursue a career as a physician, with a specialty in orthopedic medicine, or to obtain a doctorate degree in Kinesiology.

As So Cam editor this year I've found myself with a forum at my disposal to make a statement about UCLA and its effect upon me. No one can possibly obtain an academic education here without also being profoundly influenced by the people and situations encountered throughout the years spent here. Hopefully this message comes through in the book itself so rather than use this space to philosophize about UCLA I'd like to express thanks to the many people who were essential to the creation of this book:

The Daily Bruin photographers who generously contributed their talented works: John Bramhall, Mark Davis, Allan Fensten, Christie Gille, Randy Gille, Bill Gross, Neal Natsumeda, Sol Ortasse, Bill Schatz, and Stan Sugawara. Daily Bruin Photo Editor Jeff Lapin for his outstanding generosity and patience along with his assistant Marla Levine.

Art Atkinson and his entire staff in Printing and Duplicating for their extraordinary efforts in helping me meet deadlines. The Campus Studio staff and lab techs for mass producing photos when needed and for all the help in day to day crises.

Dick Kreuz, Donna Perea and Dorothy Woods in the Publications Office for the guidance and moral support they gave.

My personal supporters who helped me maintain my sanity: Anne, Charlie and Paula.

And my own Southern Campus staff. This book is the result of hours of work and struggle by the entire staff and I'd like to mention those members who put out the extra effort necessary to make this book a reality: Susy, Ray, Glenn and Jack.

Many thanks to all of you for making my job that much easier and to Comm Board for all their financial support.

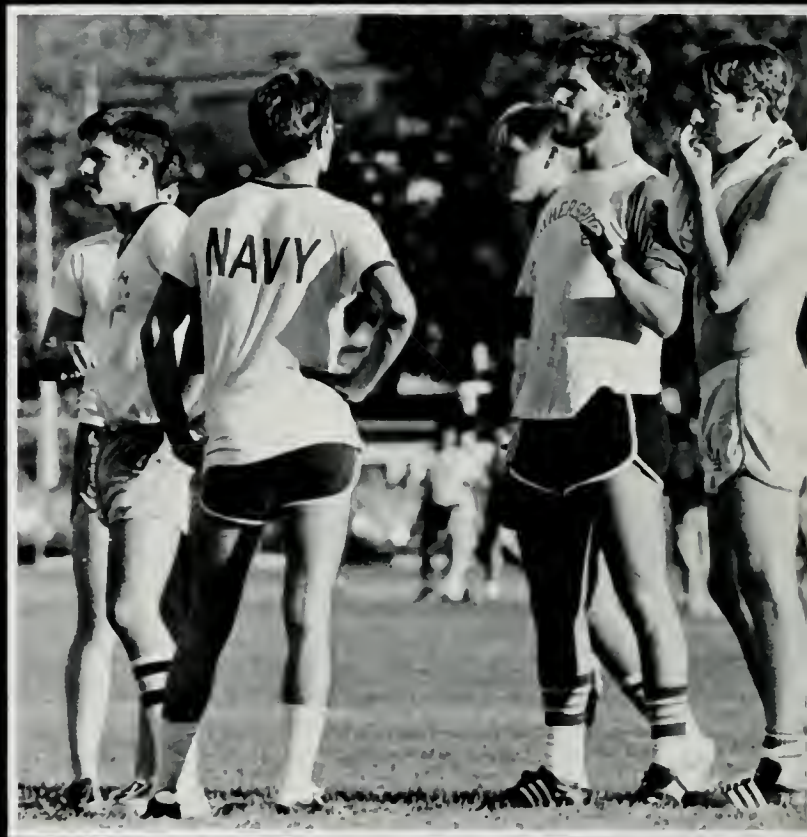

*Beth Bonelli*

The perfection of our own being,

the full achievement of what is unique  
in each one of us,  
lies not in our individuality but in our personality;

and because of the evolutionary structure of the world  
we can find that personality only in union with others.

There can be no mind without 'synthesis':  
this same law holds good everywhere in created  
reality, from top to bottom.

Pierre Teilhard de Chardin

Only love can bring individual beings to their perfect completion, as individuals, by uniting them one with another, because only love takes possession of them and unites them by what lies deepest within them.

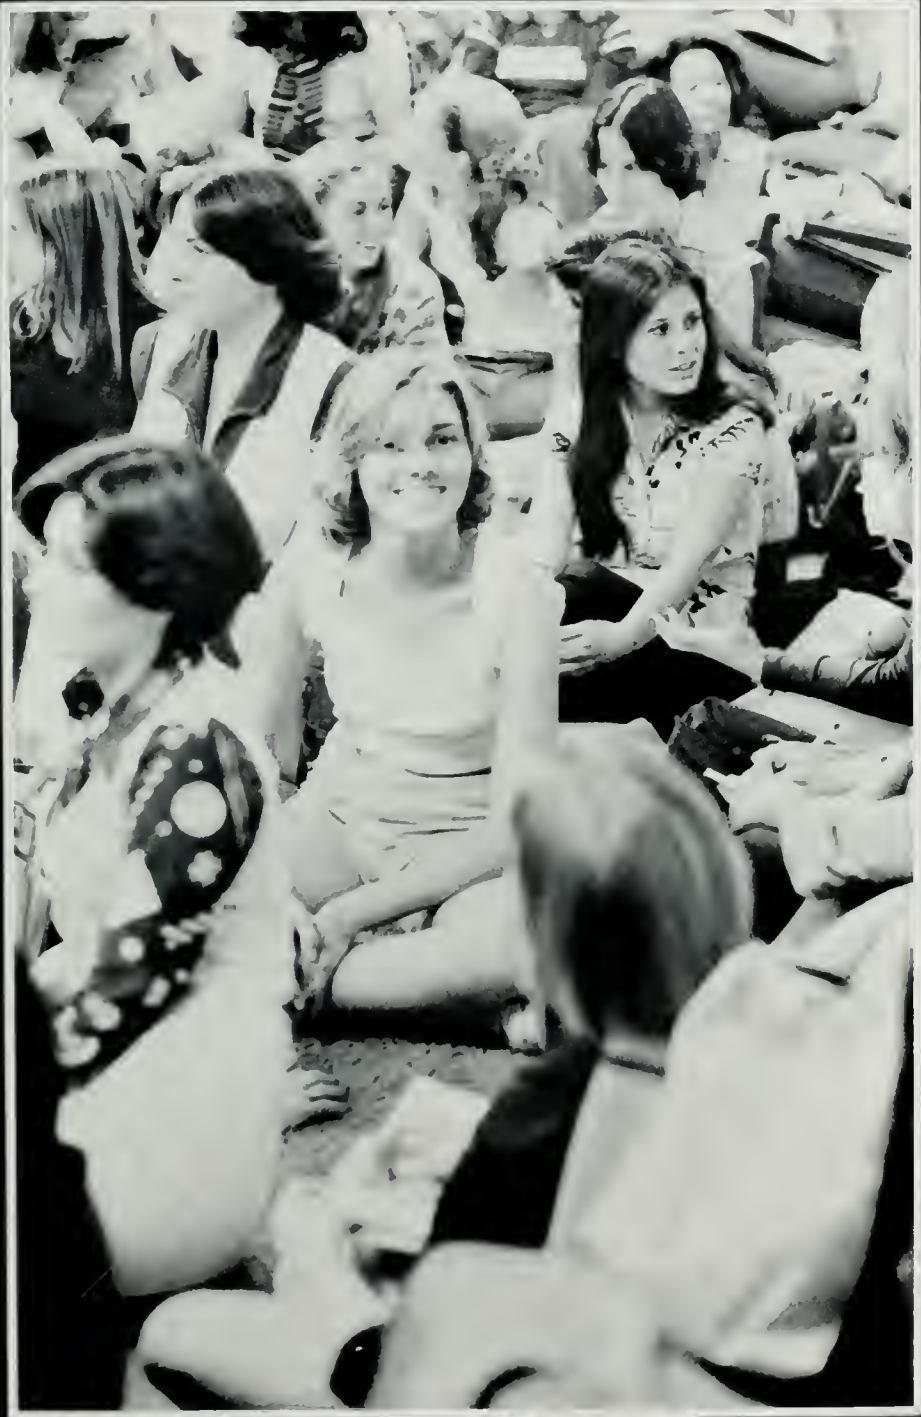

For indeed at what moment do lovers come into the most complete possession of themselves if not when they say that are lost in one another?

Pierre Teilhard de Chardin

You are my brother

and we are the children  
of one universal holy spirit.

You are my likeness  
for we are prisoners of two bodies  
formed of one clay.

You are my companion  
on the road of life  
and my helper in the  
understanding of a truth  
concealed beyond the clouds . . .

YOU ARE MY BROTHER  
AND I LOVE YOU

Kahlil Gibran

I wonder what is going to  
be your next step in life.  
I think of it and even I pray for it.

May you find the path  
which will lead you to the  
highest and truest of yourself.

Keep the right path upwards  
and hope for perpetual discovery  
and trust Life  
That's all.

Pierre Teilhard de Chardin
